## Flu Season Reminder

A child must stay home at least 24 hours after having a fever, vomiting, diarrhea, a draining rash, eye discharge or pink eye, or after starting a course of antibiotics. Lets keep healthy!

## Class Gas

The teacher passed out and fell right off her chair.

My classmates are crying and gasping for air.

The hamster is howling and hiding his head.

The plants by the window are practically dead.

There's gas in the class; it's completely my fault,  
and smells like a chemical weapons assault.

So try to remember this lesson from me:

Don't take off your shoes in class after P.E.
