Prayer

Dear Lord,

Just as Christ said: "Let the little children come unto me."

So too may we follow in His footsteps to honor and serve the learners in our care.

*We thank you for the blessing of volunteers whose time, energy,
and talents enrich our school and support our educational efforts.*

We ask for Your wisdom as we work with the learners of our school.

Help us understand their needs, share their challenges, and celebrate their progress.

Guide our steps in this act of service as we strive to follow in the path of

*Christ as teachers, working with the learners ,
who are made in your image.*

Grant us wisdom and patience when they are needed.

Help us see how best to support, without restricting.

Bless our efforts with success.

Amen

WELCOME TO OUR VOLUNTEERS

The staff and students of St. Joseph School welcome active and visible parent involvement in the life of the school. Voluntarism enriches the learning environment of our children and the lives of those donating their time.

We look forward to your continued interest, support and involvement in our school community. Enjoy your time with us and do not hesitate to share your insights, question and concerns. We rely on your feedback for the continued improvement of our volunteer program.

SCHOOL MISSION STATEMENT

History and Mission

St. Joseph School is devoted to fostering an environment that enhances the spiritual growth of our children within a nurturing, Catholic community. In partnership with parents, we are dedicated to providing a strong academic foundation that recognizes the individual learning style of each child. We encourage students to achieve their own potential, see God in others and be of service to the community.

PHILOSOPHY / GOALS

Research indicates that parent voluntarism in schools enhances student self-esteem, increases academic achievement and cognitive development, and improves student behavior and attendance.

Teachers come to see parents as valued partners in extending and enriching the educational program. In addition, parents come to know they make a difference through contributions of time and talent. Parent/adult involvement allows staff to draw upon supplemental and often unique adult resources and expertise.

The volunteer program serves as an outlet to utilize skills and develop more positive attitudes about one self and as a resource to acquire new knowledge about the educational process, child development, and the Archdiocesan learning organization.

Work routines will be explained by the school staff and on-the-job-training will be provided

- Familiarize yourself with the rules and routines of the school and classroom. Please ask questions if unsure about a direction or routine.
- Respect the teaching learning process by not using your volunteer time for an informal parent-teacher conference or conversation.
- Be aware that the staff room is often a workroom for teachers and children are not allowed in this area.

- When volunteering in classrooms or on field trips make other arrangements for siblings.
- Be open and honest in your communication to the staff and administration. If you feel a problem exists, help to identify the problem and communicate your concern directly to a staff member.
- As a volunteer you are **not** expected to be responsible for the actions of the children or for administering discipline. If a student is disruptive seek assistance from the teacher or administrator.
- Confidentiality
 - In the course of your volunteer work at our school, you may learn confidential information about students, parents or teachers. You are expected to keep this information confidential in any setting inside or outside the school, just as you would wish your own privacy rights to be respected.
 - There are times when student confidences can not be kept. If a student confides a desire to commit suicide to a volunteer, that confidence must be reported. If a child reports any type of abuse to the volunteer that must be reported to the administration, who may ask you for a statement to be forwarded to Child Protective Services. **The guideline to follow is:** *Any information which, if shared with parent and/or administrators may save someone from harm must be shared.*

VOLUNTEER CODE OF ETHICS

- **CONFIDENTIALITY**
A volunteer operates in a position of trust. Personal information pertaining to students must be kept confidential, as well as conversations between parents, teachers and students.
- **COMMUNICATION**
Always direct other parents' concerns to the classroom teacher. Written notes and comments are most helpful to the teachers because of time. If there is a conflict or difference in opinion, please go directly to the source and deal with the challenge. It is the school's responsibility to inform parents of student progress. If problems or concerns arise, first discuss them with the appropriate staff member, and if necessary, the Administrative team.
- **QUALITY WORK**
If you don't think you can do the job, please be honest and talk to the teacher involved. If directions need clarity, please ask. The Volunteer workroom is a space to be shared to work on projects here at school. Please notify the volunteer coordinator if supplies are running low.

- **DEPENDABILITY**

The school relies on your support. Follow through on tasks by attending to scheduled times and please give notice of absence whenever possible. If your schedule changes throughout the year, just let us know.

- **RESPECT FOR OTHERS**

Children learn from watching you. Practice patience and understanding toward the children and staff which helps learners value and apply these qualities.

- **ROLE**

At all times a volunteer is there to support the needs of the teachers, students, or program. Observations of staff must never be evaluative in nature, and tasks should be carried out according to the teacher's request.

**** It is important that as a volunteer you are realistic about the amount of time that you can offer the school and what you are unable to handle. Being at St. Joseph School should be a positive experience; however this may not be possible if your commitments outweigh the amount of time or energy that you have available.

Confidentiality Pledge 2008-2009

Archdiocesan Confidentiality Policy

Confidentiality is a serious matter; it is important to protect parish/school business, and the parish/school community. Volunteers and employees who handle confidential information are responsible for its security and should not discuss it with anyone other than their supervisor, principal, or pastor except as provided for by civil law or on a need-to- and right-to-know basis.

I do hereby pledge myself to hold in strict confidence all information, verbal or written, concerning students/families, present or former, which comes to me as a volunteer of this school.

I realize that the work of the school is confidential and that a failure on my part to recognize this may result in harm to those whom the school seeks to serve.

This pledge refers to specific personal information received while working with students and staff in the office or classroom, a discussion of which is clearly a violation of confidence.

I acknowledge that I have read and agree to abide by the rules stated in the Volunteer Handbook.
